ANNOUNCEMENT

This issue of the *Scientific Edition* of the JOURNAL OF THE AMERICAN PHARMACEUTICAL ASSOCIATION is supplied in two parts. Part I is the customary edition of the JOURNAL, and Part II is a supplement carrying the list of active members of the AMERICAN PHARMACEUTICAL ASSOCIATION, the list of current ASSOCIATION officers, a brief history and summary of the ASSOCIATION'S activities, the list of officers of the ASSOCIATION and places of meeting since its organization, the Constitution and By-Laws of the ASSOCIATION and the By-Laws of the Council, the House of Delegates and the Sections, the Certificate of Incorporation, the Code of Ethics, the lists of national, state and local pharmaceutical organizations with the names of their Secretaries, the list of accredited Colleges of Pharmacy, State Boards of Pharmacy, and other similar information.

Prior to 1945, the PROCEEDINGS of the AMERICAN PHARMACEUTICAL ASSOCIATION were published either separately or in installments in the monthly JOURNAL. Since 1949, we have been issuing the information referred to in the previous paragraph as a supplement to the *Scientific Edition* of the JOURNAL so that it could be available as a separate volume to those who refer to this information frequently. The PROCEEDINGS of the Annual Convention are published in narrative form in the *Practical Pharmacy Edition* of the JOURNAL immediately following the annual convention.

The PROCEEDINGS of the 1954 and 1955 conventions were published in narrative form in the September, 1954 and June, 1955 numbers respectively of the *Practical Pharmacy Edition* of the JOURNAL OF THE AMERICAN PHARMACEUTICAL ASSOCIATION and continued in subsequent editions of the JOURNAL as far as the addresses and reports of special interest are concerned. Many of the scientific papers and those dealing with practical pharmacy, economics, history, education, and legislation which were presented at the various section meetings have been or are being published in various issues of either the *Scientific* or *Practical Pharmacy Editions* of the JOURNAL.

The membership list, which is a part of the supplement to the March, 1958, *Scientific Edition*, includes active members in good standing as of December 31, 1957, and also those members who were not listed in any previous printed list but who may not have continued to be in good standing up to December 31, 1957. Such arrangements have been made to assure continuation of availability of a published list of all members in one of the ASSOCIATION publications since its origin. Members who joined the ASSOCIATION after January 1, 1958, have been listed in one of the issues of the *Practical Pharmacy Edition* of the JOURNAL appearing since that date, and their names will, of course, be included in the next membership list to be published.

Members of the ASSOCIATION are earnestly requested to check the accuracy of the address given with their names and send us any necessary changes.

Robert P. Fischelis, *Secretary*
AMERICAN PHARMACEUTICAL ASSOCIATION

BRIEF HISTORY AND SUMMARY OF THE ACTIVITIES OF THE AMERICAN PHARMACEUTICAL ASSOCIATION

The AMERICAN PHARMACEUTICAL ASSOCIATION was formally organized in Philadelphia, October 6–8, 1852, following a preliminary meeting of leaders of the profession in New York City in 1851. Perhaps the most important factor leading to the formation of the organization was a desire on the part of the pharmacists and physicians of that day to improve the quality of drugs which were being imported. The leaders in the movement to organize the ASSOCIATION were practicing pharmacists, members of faculties of Colleges of Pharmacy, and other persons of scientific training who were anxious to maintain and achieve higher standards of professional practice and improvement of the quality of drugs offered to the American people.

The objectives as stated in the Constitution were to "unite the educated and reputable pharmacists of America in an effort to improve and regulate the drug market by preventing the importation of inferior, adulterated, or deteriorated drugs, and by detecting and exposing home adulterations; to encourage proper relations with the other health professions; to improve pharmaceutical science by diffusing scientific knowledge, fostering pharmaceutical literature, developing talent, stimulating discovery and invention, and encouraging domestic production and manufacture of drugs and medicines; to regulate education and training of pharmacists; to suppress empiricism and to restrict the dispensing and distribution of medicines to qualified pharmacists; to uphold standards of authority in the education, theory, and practice of pharmacy with a view to the highest good and the greatest protection to the public."

The ASSOCIATION'S membership includes practicing pharmacists, wholesale druggists, pharmaceutical manufacturers and their representatives, drug importers, teachers, research workers, editors and publishers of pharmaceutical literature, pharmaceutical chemists, food and drug officials, hospital pharmacists, association officials, students, and pharmacists in the government service.

Annual dues for Active Members are $15, including the *Practical Pharmacy Edition* of the JOURNAL. Associate Membership is open through Student Branches to students in accredited schools and colleges of pharmacy. Such members have all the privileges of active membership except those of voting, holding office, or serving on standing committees of the ASSOCIATION. They enjoy full privileges of voting and holding office in Student Branches of which they are members.

Associate (student) member dues are $3.00 a year, including the *Practical Pharmacy Edition* of the JOURNAL or the *Scientific Edition* of the JOURNAL; or $5.00 a year when both editions of the JOURNAL are included. Of these amounts, $1.00 is remitted to the Student Branch for its support.

The by-laws also provide that any person approved by the Council as meeting the qualifications for active membership in the ASSOCIATION may be granted life membership if he pays to the Treasurer the sum of $250 during the first ten years of his connection therewith and also to any active member, not in arrears, who after 10 years shall pay the sum of $200, or after 15 years the sum of $150, or after 20 years the sum of $120 or after 25 years the sum of $75. Any member who may have paid annual dues for 40 consecutive years, may become a life member upon approval by the Council.

Separate subscription to the JOURNALS is $10.00 a year for the *Scientific Edition* of the JOURNAL and $5.00 a year for the *Practical Pharmacy Edition* of the JOURNAL or $14.00 a year for both editions.

Publications of the ASSOCIATION include the National Formulary, which is now in its tenth edition; the Pharmaceutical Recipe Book, now out of print; the *Scientific Edition* of the JOURNAL OF THE AMERICAN PHARMACEUTICAL ASSOCIATION, now in its forty-seventh volume; the *Practical Pharmacy Edition* of the JOURNAL OF THE AMERICAN PHARMACEUTICAL ASSOCIATION, now in its nineteenth volume; and *Drug Standards*, formerly known as the *Bulletin of the National Formulary Committee*, now in its twenty-sixth volume. The ASSOCIATION also publishes monographs on selected subjects at irregular intervals.

The ASSOCIATION holds annual meetings. The ASSOCIATION'S 33 Local Branches and 76 Student Branches in various cities hold monthly or semimonthly meetings.

The ASSOCIATION makes two scientific awards: The Ebert Prize, consisting of a medal, awarded annually to the author of the best paper published in the Scientific Edition of the JOURNAL; and The Kilmer Prize, consisting of a gold key, awarded annually for the best paper submitted by a Senior Student in a College of Pharmacy on a subject related to pharmacognosy.

At the request of the Chilean Iodine Educational Bureau Inc., the ASSOCIATION has acted as sponsor of an Award for Research in the Pharmaceutical Chemistry of Iodine. This is an award of $1,000 given in recognition and encour-

agement of outstanding research in the chemistry and pharmacy of iodine and its compounds as applied in pharmacy or medicine.

The New York Branch of the AMERICAN PHARMACEUTICAL ASSOCIATION also makes an annual award known as The Remington Honor Medal to the man or woman who has done the most for American pharmacy during the preceding year or whose efforts during a number of years have resulted in the most important contribution to American pharmacy.

The ASSOCIATION is governed between annual conventions by the Council consisting of sixteen members, and its principal business at annual meetings is carried on by the House of Delegates which is made up of representatives of State and National Pharmaceutical Associations, Sections of the ASSOCIATION, the Council and the Past Presidents.

The ASSOCIATION participates actively in the American Council on Pharmaceutical Education, the American Foundation for Pharmaceutical Education, American Documentation Institute, the U. S. Pharmacopœial Convention, the American Association for the Advancement of Science, the National Health Council, the International Pharmaceutical Federation and the Pan-American Pharmaceutical Federation and other groups.

Its representatives are often called into consultation by various Government agencies on matters pertaining to pharmaceutical education; manpower; and production, standardization, and distribution of drugs and medicines. It also maintains a close liaison with the armed forces and with other professional and scientific associations, foundations and conferences.

The activities of the laboratories of the ASSOCIATION are directed toward the establishment and improvement of standards of purity, quality, and strength of drugs and medicines, particularly those of the National Formulary. They also include researches and routine procedures associated with prescription problems, establishment of tolerances for extemporaneous compounding, dispensing techniques and the development of dosage forms for drugs.

Through its Committee on Pharmaceutical Research the ASSOCIATION makes research grants for studies relating to the standardization and development of drugs.

The ASSOCIATION maintains its own building and laboratory, library and museum facilities in Washington. The building and grounds, including the memorial to all pharmacists who served in the wars of our country, occupy the block on Constitution Avenue between 22nd and 23rd Streets. This building also houses the editorial and administrative offices of the ASSOCIATION.

The members of the AMERICAN PHARMACEUTICAL ASSOCIATION function as individuals in the general sessions of the ASSOCIATION at the national convention. The general sessions may take final action on any item of business acted on by the House of Delegates.

The reports of all Officers and Committees and of the Council are referred to the House of Delegates and the House takes action on recommendations offered from these sources and from individual members of the House. Usually such action is taken through the Committee on Resolutions, which submits its recommendations to the House. The recommendations are then debated and finally acted upon. They must be approved at the final general session of the ASSOCIATION before they become the policy of the ASSOCIATION on the subject covered.

The Council of the ASSOCIATION acts for the House of Delegates and for the ASSOCIATION in the interim between national conventions. Since the Secretary of the ASSOCIATION is also the Secretary of the House of Delegates and of the Council and is designated as the General Manager of the ASSOCIATION, it becomes his duty, as the Administrative Officer, to implement the actions taken by the ASSOCIATION with the help of the other officers, committees and the staff.

The varying interests of the members of the AMERICAN PHARMACEUTICAL ASSOCIATION are provided for at the convention through meetings of the Sections of the ASSOCIATION. There are six Sections, namely, the Scientific Section, the Section on Practical Pharmacy, the Section on Education and Legislation, the Section on Pharmaceutical Economics, the Section on Historical Pharmacy and the Pharmacy Student Section. These sections provide opportunities for the presentation of papers and discussions on a wide variety of subjects.

There are also a number of affiliated and related organizations which meet either immediately prior to, or subsequent to, the annual meetings of the AMERICAN PHARMACEUTICAL ASSOCIATION. Of these, the American Society of Hospital Pharmacists and the American College of Apothecaries are affiliated organizations, which means that membership in these Associations is limited to persons holding membership in the A. PH. A.

The ASSOCIATION also has affiliated with it the Women's Auxiliary of the A. PH. A., which is an organization of wives and other female relatives of male members of the parent Association, organized to assist in carrying out the A. PH. A. objectives. Although it is principally a social organization, the objectives of the Auxiliary include development of scholarship funds and other activities in the interest of women pharmacy students.

As the ASSOCIATION enters its 106th year of activity it is geared to the presentation of a well-rounded program designed to sponsor and carry out activities in the field of health and medical care, which will serve the best interests of the public and the profession.
